1. Application Overview

Dinglt is a comprehensive service marketplace platform that connects customers with local service providers. The platform enables users to discover businesses, view menus/products, read and write reviews, and tip service team members.

Key Highlights

- Cross-platform support (Web, iOS, Android)
- Real-time location-based discovery
- Integrated payment processing via Stripe
- Comprehensive review and rating system
- Service provider management tools

Application Screenshots

Login Screen

The login screen features the DINGit branding with username/password authentication, password visibility toggle, forgot password link, and create account option.

Sign Up Screen

New user registration with email, password, and password confirmation fields.

2. Authentication & User Management

2.1 User Registration

- **Email Registration:** Users can create accounts using email and password
- **Password Requirements:** Minimum 6 characters
- **Password Confirmation:** Double-entry validation prevents typos
- **Email Verification:** Optional email confirmation flow

2.2 User Login

- **Email/Password Login:** Standard authentication
- **Password Visibility Toggle:** Eye icon to show/hide password
- **Remember Me:** Persistent session capability
- **Forgot Password:** Email-based password reset

2.3 Profile Management

- **Profile Completion:** Required after initial signup
- **Profile Photo:** Upload and manage avatar images
- **Name Management:** Edit display name
- **Account Deletion:** Soft delete with data anonymization

2.4 User Roles

Role	Description	Capabilities
Customer	Regular app user	Browse, search, review, tip
Service Provider Owner	Business owner	Manage providers, products, team
Service Member	Team employee	Receive tips, view earnings

3. Home & Discovery

3.1 Home Page

Home Page

The home page displays the Monthly Spotlight featured business, search bar, horizontally scrollable Businesses carousel, and Top-rated Providers list.

Features:

- **Monthly Spotlight:** Featured service provider with promotional banner
- **Search Bar:** Quick access to search functionality
- **Businesses Carousel:** Horizontally scrollable cards showing:
 - Business thumbnail/header image
 - Business name
 - Description/subtitle
 - Distance from user
 - Star rating
- **Top-rated Providers:** Vertical list of highest-rated businesses
- **Bottom Navigation Bar:** Quick access to Home, Money, Settings, Profile

3.2 Location Services

- **Geolocation Detection:** Automatic user location detection
- **Distance Calculation:** Shows distance to each service provider in miles
- **Location Fallback:** Saves last known location for offline use
- **Hotspot Detection:** Identifies nearby popular providers

4. Service Provider Features

4.1 Service Provider Detail Page

Detailed view of a service provider showing header image, business name, ratings, quick actions, and featured products.

Header Section:

- Large header/promotional image
- Business name and subtitle
- Star rating display
- Quick action buttons:
 - **Call**: Direct phone call
 - **Website**: Open business website
 - **Share**: Copy link to clipboard

Featured Product:

- "Most Popular" product highlight
- Product image and name
- "See Full Menu" button

Active Promotions:

- Promotional banner display
- Direct link to promotional content

4.2 Location & Navigation

Google Maps integration showing business location with navigation options.

Features:

- Interactive Google Maps display
- Business location marker
- **Navigate Button:** Opens directions in maps app
- Distance display (e.g., "335.6 mi away")
- Full address display

4.3 Team Members

Team Members

Top Rated Employees section showing team member photos and individual ratings.

Features:

- Team member photos (square avatars)
- Individual names with links to profiles
- Star ratings per member
- Top 3 members displayed on provider page
- Full team list available via "Team" tab

4.4 Product Menu

Product Menu

Menu page showing products with photos, descriptions, and pricing.

Features:

- Product photo thumbnails
- Product name and description
- Price display (supports multiple price points)
- Organized table layout
- Back navigation

4.5 Operating Hours

Operating Hours

Hours section showing weekly schedule.

Features:

- Day-by-day schedule display
 - Support for multiple time slots per day
 - Clear open/close time format
-

5. Search Functionality

5.1 Search Page

Search Page

Search interface with results showing provider name, description, distance, and location.

Search Capabilities:

- **Full-text Search:** Searches across:
 - Provider name
 - Subtitle/description
 - Address
 - City and State
- **Real-time Results:** Results update as user types
- **Location-aware:** Results include distance from user

Search Results Display:

- Provider thumbnail image
 - Provider name
 - Description/subtitle
 - Distance in miles
 - City, State location
-

6. Reviews & Ratings

6.1 Reviews Section

Reviews

Reviews section on provider page showing customer reviews with ratings and comments.

Review Display:

- Customer avatar/photo
- Customer name
- Star rating (1-5)
- Review text/comment
- "See All" link for full review list
- "Leave a review" button

6.2 Review Creation

Features:

- Overall provider rating (1-5 stars)
- Individual team member ratings
- Individual product ratings
- Written description/comments
- Required description for low ratings (below 2 stars)

6.3 Tipping System

- Add tips during review submission
- Per-team-member tip amounts
- Stripe checkout for tip collection
- Tips only available for onboarded team members

6.4 Rating Calculations

- **Provider Rating:** Aggregated from all reviews
- **Member Rating:** Individual team member average
- **Product Rating:** Per-product average rating

7. Financial Management

7.1 Subscription Management

For Service Provider Owners:

- Subscription plans via Stripe
- Free trial period (configurable)
- Billing portal access
- Subscription quantity based on number of providers

7.2 Service Member Payments

For Team Members:

- Stripe Express account onboarding
- Tip collection and transfers
- Transfer history with amounts and dates
- Earnings dashboard

7.3 Payment Processing

- **Stripe Integration:** Full payment processing
 - **Fee Structure:** Platform fees on tips
 - **Transfer System:** Automated payouts to team members
-

8. Settings & Administration

8.1 User Settings

- Profile management
- Password changes
- Account deletion
- Privacy policy access

8.2 Service Provider Management

For Owners:

- Create new service providers
- Edit provider details:

- Display name and subtitle
 - Phone number
 - Address (street, city, state, postal code)
 - Website URL
- Upload/manage images:
 - Header image
 - Promotional image
 - Product images
- Manage operating hours
- Team member management:
 - Invite new members
 - Remove members
 - View member ratings

8.3 Product Management

- Add/edit/delete products
 - Product details:
 - Display name
 - Description
 - Image upload
 - Pricing (multiple price points)
 - Featured product selection
 - Drag-and-drop reordering
-

9. Mobile Application
